#### 5. Comments on the "What In The World" class

Dave Froba had heard members who have dropped out of this class that they did so because some allegedly do not like comments made by others in the class. We discussed civility. HEB will attach to these Minutes the Guidelines he has used as a Moderator in the past, for this Committee's review and discussion. Also, these guidelines were suggested: (a) limit time of one person's comments, (b) if one person has more than one suggested topic, that they make a space in-between their suggested topics so that another topic can be inserted by another person to be discussed in-between, (c] have the moderator select the persons to speak, not the mike courier

6. Next meeting of the Curriculum committee: **Nov. 7, 2018, at 3:15 p.m.**

Hugh Brereton
