

1:00 PM TO 3:00 PM

Coordinator:
David Froba

BIRDING: We'll use our field guide, photos, videos, and audio to learn to identify and appreciate the birds of our local area. We'll work both mind and soul, since to know nature is to love it. In connection with the classes, each weekend we will take a non-MICL field trip to selected parts of our local area to hone our skills and deepen our appreciation for the birds that we have just studied. David Sibley's Field Guide to the Birds of Western North America" is recommended but not required. In preparation for the class it would be good to watch the video "Wings Over Our Two Counties" on YouTube.
