Lies My Teacher Told Me: Everything Your American History Textbook Got Wrong by James W. Loewen

Tenth Anniversary Edition*

What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls “an extremely convincing plea for truth in education.” In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, and the My Lai massacre, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

*A completely revised edition of James W. Loewen’s classic retelling of American history, based on six new textbooks and including an all-new chapter on the recent past. Features a new introduction by the author.
